Executive Summary
The purpose of this memo is to request the Boards of Commissioners’ continue to utilize the CALNET3 contract with AT&T telephone and data services for one year, beginning August 1, 2018, for an amount not to exceed $305,000. This will be the third year that the Agency utilizes this contract for AT&T telephone and data services.

Fiscal Impact
The Agency would like to continue to contract with AT&T for Internet and Phone service for an amount not to exceed $305,000. The 2018 Operations Budget includes $310,000 for this contract.

Recommendation
It is recommended that the Boards of Commissioners authorize the CEO/Executive Director to continue to utilize the CALNET3 contract with AT&T for telephone and data services for one year, beginning August 1, 2018, for an amount not to exceed $305,000.

Background
In June 2016, the Boards approved the contract with AT&T to upgrade the Internet infrastructure for an amount not to exceed $300,000. The new infrastructure provided a one hundred and ten (110) percent increase in bandwidth, enhanced disaster recovery, and ensured that remote sites become less reliant on connectivity at the Central Office. As of December 2017, all seventeen sites have been upgraded. In addition, the Agency has increased utilization of cloud resources to further increase fault tolerance.

The Agency is utilizing an Intergovernmental Agreement through the CALNET 3 Statewide Contract, as allowed by the Agency’s Procurement Policy and the HUD Procurement Handbook. The CALNET3 contract offers a substantial discount over what the Agency would be required to pay if we purchased the service on our own. Agency staff continues to evaluate pricing annually to ensure that the CALNET3 contract is the best fit for the Agency.

Background Information
The RFP for the Enterprise Management System was made public in June of 2014. An evaluation committee with relevant experience was selected to evaluate each proposal. The committee did an initial round of scored evaluations based solely on the proposals received, and then the top two rated companies were interviewed by a broad panel of applicable users. Each proposer was then given
the opportunity to amend their proposal and/or pricing, and a second round of evaluations then took place. After the second round of evaluations, the top two firms were invited to provide in-depth product demonstrations at the Agency’s Central Office. Proceeding the full product demonstrations, a select panel of evaluators and their staff traveled to perform site visits of proposers’ headquarters, and also visited other Housing Authorities who use each software product. Two third-party firms: Shift3, a local independent IT company, and Innovative Housing Solutions, a financial/IT consulting firm, both reviewed the RFP methodology to confirm the appropriate measures had been taken. After that point, a full cost analysis was completed to ensure prices were comparable across each proposer. Only after prices were confirmed did the evaluation committee make their final recommendation of Yardi Systems, Inc.

On May 26, 2015, the Boards of Commissioners approved Yardi Systems, Inc. as the tentative awardee of the RFP, subject to successful contract negotiations. The contract was approved by the Boards of Commissioners on July 28, 2015 for a term of one year, with the option to renew for four successive, one year terms. The first extension was approved on July 26, 2016 and the second extension was approved on July 25, 2017. If approved, this would be the third extension with one extension remaining, with the five-year contract expiring in August 2020.

Preston Prince, Secretary of the Boards of Commissioners
Executive Summary

The purpose of this memo is to request approval from the Boards of Commissioners to enter into a Memorandum of Understanding (MOU) with the Fresno Economic Opportunities Commission (FEOC) to administer the housing component of the “Bridge to Home” programs.

FEOC has received grant funding from the U.S. Department of Housing and Urban Development’s Continuum of Care program (HUD-CoC) to operate a combination transitional and rapid rehousing program with attendant supportive services to thirty (30) chronically homeless households entitled “Bridge to Home 1” and “Bridge to Home 2”. FEOC has asked Fresno Housing to partner in administering these programs, specifically utilizing its expertise in providing those processes endemic to housing, including rent calculations and conducting Housing Quality Standards inspections. The MOU would have an initial term of one-year, with an option to extend for an additional four years based on funding renewal.

Fiscal Impact

FEOC has received a total of $553 thousand in HUD-CoC funding for the two “Bridge to Home” programs. Eligible costs to the grant include rental assistance, case management and associated administrative and operational costs. From the grant, FEOC has budgeted for Fresno Housing to be paid a total of $5,042 for expenses, which includes estimated staff costs to perform the housing components and other associated administrative and operational costs.

On all Continuum of Care grants, HUD requires a 25% cash or in-kind match, which both FEOC and FH will provide for their portions of the grants. The Agency’s portion of this match is $1,260.

Recommendation

It is recommended that the Board of Commissioners adopt the attached resolution authorizing the Executive Director, or his designee, to execute the
attached Memorandum of Understanding with the Fresno Economic Opportunities Commission for the Bridge to Home programs.

**Background**

In the 2017 HUD-CoC Competition, HUD introduced a new funding category – transitional housing combined with rapid rehousing. The idea is that individuals/families are provided a safe place off the streets to reside temporarily – termed “bridge housing” - while obtaining needed documentation (California Driver’s License, income verification, etc.) and consequently searching for suitable housing. Case management is provided to assist with both documentation retrieval and housing search. The typical stay in bridge housing is envisioned to be 60-90 days, whereas rapid rehousing stays can be as long as two years. In this particular grant proposal, FEOC has partnered with Turning Point of Central California (TPOCC) – the current operator of BridgePoint – a bridge housing program located near downtown Fresno. Thus, this grant funding utilizes the expertise of three (3) agencies working in concert to provide housing solutions for homeless households.

For its part, as a public housing agency, Fresno Housing is best suited to assist members of the Fresno Madera Continuum of Care (FMCoC) to administer housing programs for homeless households by performing those functions endemic to housing – i.e., rent calculations and Housing Quality Inspections. By doing so, the FMCoC partner is able to focus on providing supportive services to ensure housing stability and retention. As needed, Fresno Housing will also assist the FMCoC partner with mediation with property managers/owners to facilitate housing retention. Partnership between public housing agencies and nonprofit entities are heralded as national best practice in housing homeless households. At this time, FH is partnering with FEOC in four (4) HUD-CoC funded programs which provide housing for a total of fifty-seven (57) chronically and literally homeless households.

Executive Summary
Staff will be presenting information on Small Area Fair Market Rents (SAFMR’s) for the Housing Choice Voucher (HCV) program.

The primary goal of SAFMR’s is to allow HCV families greater access to areas of higher opportunity, while making the voucher program more cost effective. HUD allows housing authorities this ability by implementing rents that are based on ZIP code, rather than at the metropolitan level (i.e. Fresno County-wide). This better aligns the voucher payment standards with neighborhood-level rents, resulting in higher subsidies in areas of opportunity and more choices for families.

Staff will provide additional information and analysis at the Boards of Commissioners meeting.

Recommendation
This item is informational only. No action is necessary.
Executive Summary

The purpose of this memo is to provide the Boards of Commissioners with materials that will facilitate the review of the proposed changes to the 2019 Agency Plans. As reported to the Boards at the June Boards of Commissioners meeting, the Agency is in the process of completing required annual updates to these Agency Plans. The Agency Plans consist of the three prevailing policies and administrative documents that govern our major programs, including the Annual Plan, the Administrative Plan and the Admissions & Continued Occupancy Policy (ACOP). Both the County and the City PHA’s have one of each of the documents listed below:

– The PHA Annual Plans: Updates to the Five Year Plan are submitted every year outlining progress on activities for the PHA, including additional information on those plans and adding new activities. 
  
  Note: Asset Management and Development activities are only included in Annual Plan documents.

– The Administrative Plans: These plans encompass and clarify the policies applicable to the administration of the Housing Choice Voucher Program (HCV).

– The Admissions & Continued Occupancy Policies (ACOP): These plans encompass and clarify the policies applicable to the Low Income Public Housing Program (LIPH).

Process

The process for completing the review, discussions, public notice and hearing, and adoption of the changes to these plans are as follows:

– July 18: Documents will be provided to the Boards via a Board Update to allow additional time to review prior to the July Board Meeting.

– July 24: Agency Plans will be on the Boards of Commissioners meeting agenda for discussion.
- July 26: Official Public Comment Period begins. All documents will be available at multiple locations throughout the County, and on the Agency website, for official public comment beginning July 26, 2018 through September 8, 2018, for the 45 day HUD-required comment period outlined.
- August 21: Boards of Commissioners meeting agenda will allow for additional Board discussion, comments, and follow up.
- September 8: Official 45-Day Public Comment period ends.
- September 25: Boards of Commissioners Meeting. Public Hearing occurs. Staff requests Board Adoption.
- October 17: Final Submission required to HUD.

45-Day Comment Period
The 45-day public comment period for the PHA Agency Plans is announced in the Fresno Bee and posted on our website. The notice instructs the public on how they may access, review, and comment on the proposed Plan. Staff have been meeting with the Resident Advisory Boards (RAB) and additional meetings are scheduled to discuss proposed amendments to the Plans. Comments received from the public and the RABs are presented to the Commissioners throughout the process with a final deadline for comments at the Public Hearing to be held concurrently with the regular September Board meeting in the Central Office Boardroom on September 25, 2018. At that time the Commissioners will be asked to adopt the 2019 PHA Annual Plans for submission to HUD by October 17, 2018.

Documents for Review
Staff have prepared a variety of documents/tools to assist the Boards and the public in reviewing the above documents and proposed changes. The changes are color coded throughout the set of documents. The colors represent the following:

Green: Regulatory changes. These are changes to the plans required by HUD.

Yellow: Significant changes. Significant changes (yellow) are those that impact the eligibility and admissions policies of the programs as delineated by HUD.

Blue: Recommendations by Staff. Staff recommendations are those which the Agency has discretion at the local level, permitted by HUD, and can be adopted by the Boards of Commissioners.

Gray: Additions to Annual Plan for Development, home ownership programs, and Asset Management activities.

Documents Attached
- Annual Plan Draft Changes: The form attached is required by HUD and contains a summary of the changes to the 5-Year Plan, including a summary of the significant changes to the Admin Plan and the ACOP. It also contains a summary of progress on various activities including affordable housing Development and Asset Management. HUD requests that only significant changes to the ACOP and Admin Plan be summarized on this form. A copy is included for both the County and the City Boards. A full description of Asset Management and Development changes are included and additions for 2019 are noted in orange. HUD allows for all potential projects to be listed, including projects not yet approved by the Board. This allows agencies flexibility in planning.
Summary of Proposed Changes: A summary of all the material changes to the plans that include all changes required by HUD, all significant changes to the plan (which are ones that impact the eligibility and admissions policies of the programs) and changes recommended by staff that are discretionary at the local level. This summary also provides context for why the changes are being recommended.

Excel Spreadsheets for the Admin Plan and the ACOP: These provide more details and include the exact language that is currently in the plans, and the recommended changes. The document is an easy reference to the specific language in the 2018 documents and the proposed 2019 language without having to refer to the plans themselves, each of which are several hundred pages long.

Links to the Draft Administrative Plans and Draft ACOPs: Links have been provided to the entire documents so that the Commissioners and the public can access the source documents.

Recommendation
The item is informational. No action is necessary.
Below is a summary of proposed changes to be incorporated into the 2019 HCV Administrative Plan. The changes in Green text represent HUD regulation and/or regulatory changes mandated per the Housing Opportunities Through Moderation Act of 2016 (HOTMA). Changes highlighted in Yellow represent significant proposed changes. Significant changes (yellow) are those that impact the eligibility and admissions policies as delineated by HUD. Changes in Blue represent additional changes suggested by staff. Staff recommendations (blue) are discretionary at the local level, permitted by HUD, and can be adopted by the Boards of Commissioners.

All of these changes are incorporated into both the City and County plans, with the exception of:

- Voucher program allocation (Chapter 1)
- The number of homeless vouchers in the limited preferences (Chapter 3)
- PBV Projects / New Developments (Chapter 22)

**Chapter 1: Statement of Policies and Objectives**

1. **Section 1.14.2** – Federal Americans with Disabilities Act of 1990: Based on the Federal Americans with Disability Act of 1990, added language to include that physical or mental impairments may include various conditions which impact major life activities, and that a person has a record of such impairment, or regarded as having such an impairment: (page 11).

2. **Section 1.14.4** – Requesting a Reasonable Accommodation: Based on the Federal Americans with Disability Act of 1990, added language to clarify that requests may be made orally or in writing: (page 12).

---

1Law signed in 2016 that provides updates and improvements to statutes that authorize and prescribe requirements for multiple HUD programs.
Chapter 2: Applications and Interest List

4. **Section 2.9.1 – Removing Applicant Name:** Staff propose to clarify HUD’s use of the term “purge” associated with purging the waiting list, not interest list: (page 26).

5. **Section 2.9.2 – Final Draw from the Interest List:** Staff propose to clarify policy regarding draws performed as needed to maintain voucher utilization and updating the status of a pre-application on the interest list if the pre-application was drawn as part of the final draw: (page 27).

Chapter 3: Selection from the Interest List for Admission

6. **Section 3.3 – Method of Selection:** FH utilizes an interest list from which random lottery selections are made and applicants are placed onto a waiting list. Staff proposes to clarify language detailing the method of selection from the interest list when applicants with equal preference status are randomly selected, including the removal of duplicate pre-applications before performing lottery draws: (page 29).

7. **Section 3.4.2 – Displacement Referrals:** Staff propose moving the preferences from 3.4.1 to section 3.4.2 and expanding criteria and verification methods for Displacement Referrals for persons displaced as a result of a government declared natural disaster, the result of government action, Violence Against Women’s Act (VAWA), and victim witness protection program, and natural disasters: (page 32/362).

8. **Section 3.4.3 – Limited Preference Homeless:** Staff proposes increasing the number of limited homeless preference vouchers in order to serve more homeless. This change is part of the broader strategy for ending homelessness through the collaboration with the City and County of Fresno: (page 33).

9. **Section 3.4.5 – Preference Denial:** Staff proposes language to clarify the policy that allows for the return of the applicant to the interest list in cases where staff is unable to verify a preference that was indicated by the applicant which caused the application to be initially drawn from the interest list. This change allows for the applicant to be re-selected utilizing the remaining applicable preferences should another draw occur. The application will be cancelled, as with all remaining applications, when there is a final draw, if the application is not selected at that final draw: (page 34).
Chapter 4: Eligibility for Admission (changes listed here also made in Section 15).

10. Section 3 / 15.1.1 – Denial of Assistance - General Definitions: Updated definition of “covered person” to include any member of the tenant’s household, guest, or another person under the tenant’s control in accordance with 24 CFR 5.100: (page 49/209).

11. Section 3 / 15.1.1 – Denial of Assistance - General Definitions: Updated definition of “drug” as references by Section 102 of the controlled substance act in accordance with 21 USC 802: (page 49/209).

12. Section 3 / 15.1.1 – Denial of Assistance - General Definitions: Updated definition of “pattern of abuse” to include and/or possession of a controlled substance: (page 50/209).

13. Section 4.18 / 15.3 – Mandatory Denial of Assistance / Termination: Alcohol abuse – Updated definition of “alcohol abuse” to include and “persons residing in the immediate vicinity of the premises” in accordance with 24 CFR 982.553(a)(3): (page 52/211).

Chapter 5.2: Subsidy Standards

14. Section 5.2 – Subsidy/Voucher Size: Updated language to indicate that single persons will be issued a one bedroom voucher. HUD allows discretion for PHA’s to adopt subsidy standard policies, and after analysis of FH voucher utilization rates and unavailability of studio units, staff proposed this change to allow lease up to occur more quickly: (page 62).

Chapter 10: HQS inspections

15. Section 10.2.3 – Special/Complaint Inspections: Added language indicating that the owner may be asked to provide copies of notices given to residents prior to a complaint inspection being completed. Staff proposes this change in order to ensure proper communication between owner and resident was occurring prior to action by FH regarding lease violations. In addition, information from the health department may be a reason to conduct a special/complaint inspection: (page 153).

16. Section 10.3 – Additions to HQS: Added language detailing additions to HQS acceptability criteria on the following: water heating, other structures, conversions, elevators, access in accordance with Fresno Building Code. HUD requires that local ordinance and/or building code be adopted as part of a PHA’s admin plan: (page 154).
17. **Section 10.4.3 – Non-Emergency Fail Deficiencies not Requiring Re-inspection**

HQS Self-certification: Staff proposes to expand the items allowed for HQS owner self-certification in order to allow inspectors to inspect serious deficiencies which require more attention and to relieve burden on residents who may be required to be on-site for re-entry into the unit: (page 157).

18. **Section 10.5 – Consequences if family is responsible:** Based on HUD regulation, this change clarifies language in accordance with 24 CFR 982.404(b) regarding family responsibilities for failed HQS inspection: (page 157).

**Chapter 12: Re-examinations**

19. **Section 12.1/12.3 – Introduction/Streamlined Annual Reexaminations:** HUD allows PHA’s the option to perform triennial reexaminations. Staff proposes this policy so that FH may conduct triennial reexaminations based on further analysis of system capabilities and potential efficiencies to implement this optional ruling: (page 175).

**Chapter 15: Termination of Assistance**

20. **Section 15.2 – Termination of Family Assistance:** Based on HUD regulation, this change clarifies that termination of assistance may occur if a resident fails to maintain the assisted unit in accordance to HQS standards in accordance with 24 CFR 982.552(a): (page 210).

**Chapter 17: Continuum of Care**

21. **Section 17.7 – CoC Definitions:** Updated definition of literally homeless based on 24 CFR 578.3: (page 235).

22. **Section 17.9 – Income Limits:** Removed income limits per HUD regulatory change: (page 236).

**Chapter 22: Project-Based Vouchers**

23. **Section 22.1 – Project-Based Vouchers:** Per HOTMA FR Notice 1/18/17, PHA’s are allowed to use part of its voucher allocation and attach funding to specific units: (page 278).

24. **Section 22.1.1 – Current Program Goals:** Per HOTMA FR Notice 1/18/17, if PBV units meet eligibility criteria, an additional 10% of units may be project based: (page 278).
25. **Section 22.4** – PBV Definitions: Per HOTMA FR Notice 1/18/17, revised PBV definition for FH-Owned Unit: (page 281).

26. **Section 22.11.8** – Cap on Number of PBV Units in a Project: Per HOTMA FR Notice 1/18/17, the limitation on the number of units that may be project based is the greater of 25 or 25% of the units in the project. See exceptions and projects not subject to project cap in section 22.26.6: (page 295).

27. **Section 22.11.9** – Excepted Units Within a Multifamily Project [FR 1/18/18]: Per HOTMA FR Notice 1/18/17, FH does not require participation in supportive services for PBV project. Additional language regarding units under contract prior to April 18, 2017 (page 297).

28. **Section 22.17.4** – Term of HAP Contract: Per HOTMA FR Notice 1/18/17, the initial term of the contract is be no more than 20 years: (page 310).

29. **Section 22.17.6** – Statutory Notice Requirements: Termination by Owner: Per HOTMA FR Notice 1/18/17, policy updates and clarifies when termination by an owner for PBV units may and may not occur: (page 311).

30. **Section 22.18.2** – Addition of Contract Units [24 CFR 983.207(a): Per HOTMA FR Notice 1/18/17, added language allowing for FH to amend HAP contracts to add additional PBV contract units: (page 312).

31. **Section 22.20.8** - Preferences: Per HOTMA FR Notice 1/18/17, added elderly families, or units with supportive services as a preference but clarified that a preference may not be disability specific based: (page 318).

32. **Section 22.26.6** – Exceptions to Occupancy Cap: Per HOTMA FR Notice 1/18/17, updated exceptions to the occupancy cap: (page 330).

33. **Section 22.27.5** – Reexamination of Rent: Per HOTMA FR Notice 1/18/17, FH must re-determine rent upon owner request or when there is a 10 percent or greater decrease in FMR: (page 335).

**Chapter 26: Targeted Programs**

34. **Section 26** - Targeted Program: Added Mainstream 6 as required by HUD as a covered targeted program. HUD required language to be in the Admin Plan in order to receive grant funding. FH has a pending grant. Language will only be applicable if grant is approved: (page 361).
35. **Section 26** - Targeted Program: Increased maximum age to 24 years, left foster care at age 16 or older, or will leave foster care within 90 days for FSS participants per HUD regulatory change: (see chart of pages 365-372).

36. **Section 26** - Targeted Program: If the HCV Waiting List is closed, FH may open the HCV waiting list to accept Mainstream 6 program specific pre-applications: (see chart on page 368).

37. **Section 26** - Targeted Program: For Mainstream 6 referrals, FH will select in date / time order: (see chart on page 368).

A record of such impairment | Federal Americans with Disabilities Act of 1990  
A physical or mental impairment that substantially limits one or more of the major life activities of an individual. The term physical or mental impairment may include, but is not limited to, conditions such as visual or hearing impairment, mobility impairment, HIV infection, mental retardation, drug addiction (except current illegal use of or addiction to drugs), or mental illness The term major life activity may include seeing, hearing, walking, breathing, performing manual tasks, caring for one’s self, learning, speaking, or working;
A record of such impairment, or are regarded as having such an impairment. | CFR Consistency | Based on the Federal Americans with Disability Act of 1990, added language to include that physical or mental impairments may include various conditions which impact major life activities, and that a person has a record of such impairment, or regarded as having such an impairment. |

Requests for accommodation must be made in writing | Requesting a Reasonable Accommodation  
Requests for an accommodation may be made orally or in writing; however, the better practice is to have the accommodation request in writing for accurate documentation and communication with a reliable third party. | CFR Consistency | Based on the Federal Americans with Disability Act of 1990, added language to clarify that requests may be made orally or in writing |
| 3    | 1       | 1.15 - page 15 | When translation services are needed  
The HACF will take affirmative steps to communicate with people who need services or information in a language other than English. These will be referred to as Persons with Limited English Proficiency (LEP). LEP is defined as persons who do not speak English as their primary language and who have a limited ability to read, write, speak or understand English. For the purposes of this administrative plan, LEP persons are HCV applicants and participants. For further information about LEP, see Chapter 20.  
The HACF is committed to providing meaningful access to the Authority’s programs and services to all eligible persons, including those who have limited English proficiency because of their national origin. The HACF has analyzed its operations and the populations it serves, and has developed a Language Assistance Plan which is part of our Five-Year Plan/Annual Plan. The plan details the steps the HACF will take to provide meaningful access in connection with our programs and services to these populations. The two primary language assistance needs in the Fresno area are for persons speaking Spanish and Hmong. | Limited English Proficiency  
Language for Limited English Proficiency Persons (LEP) can be a barrier to accessing important benefits or services, understanding and exercising important rights, complying with applicable responsibilities, or understanding other information provided by the housing choice voucher program (HCV). In certain circumstances, failure to ensure that LEP persons can effectively participate in or benefit from federally assisted programs and activities may violate the prohibition under Title VI against discrimination on the basis of national origin. This part incorporates the Final Guidance to Federal Assistance Recipients Regarding Title VI Prohibition against National Origin Discrimination Affecting Limited English Proficient Persons, published January 22, 2007, in the Federal Register. | Program Alignment | HUD requires a limited English proficiency plan. Proposed language updates entire section for consistency among programs and added Language Assistance Plan to appendix B |

FH may attempt to verify that the family has submitted a maintenance request to the property manager or owner prior to requesting a complaint inspection. In addition, the owner may be asked to provide copies of notices given to residents prior to a complaint inspection being conducted.  
FH may also conduct a special inspection based on information from third parties such as neighbors, the public health department, or public officials, or when HQS Inspectors identify units as needing a special inspection during neighborhood walks or in the course of performing other scheduled inspections. | Agency Policy Preference | Added language indicating that the owner may be asked to provide copies of notices given to residents prior to a complaint inspection being completed. Staff proposes this change in order to ensure proper communication between owner and resident was occurring prior to action by FH regarding lease violations. In addition, information from the health department may be a reason to conduct a special/complaint inspection. |

The housing assistance payments for a family residing in an excepted unit that is not in compliance with its family obligations to comply with supportive services requirements must be terminated by the HACF. | Exceptions to the Occupancy Cap  
The HOTMA amendments entirely eliminate the statutory exemption from a project cap for projects that serve disabled families and modify the supportive services exception. Previously, the statutory exception required that the family must be actually receiving the supportive services for the individual unit to be exempted from the income-mixing requirement. The new requirement provides that the project must make supportive services available to all assisted families in the project (but that the family does not have to actually accept and receive the supportive services for the exception to apply to the unit). However, projects that are using the former statutory exemptions will continue to operate under the pre-HOTMA requirements and will continue to renew their HAP contracts under the old requirements, unless the PHA and the owner agree by mutual consent to change the conditions to the HOTMA requirement. | HUD Mandatory changes | Per HOTMA FR Notice 1/18/17, updated exceptions to the occupancy cap |

Below is a summary of proposed changes to be incorporated into the 2019 Admissions and Continued Occupancy Policy (ACOP). The changes indicated in Green text represent HUD regulatory changes.

A few of the HUD changes result from the recent passage of the FAST Act. On December 12, 2017, HUD published an interim final rule in the Federal Register that amends the regulatory language for PIH and Multifamily Housing rental assistance programs. This interim rule went into effect on March 12, 2018. The rule aligns the current regulatory flexibilities with those provided in the Fixing America’s Surface Transportation (FAST) Act. In addition, it extends two of the administrative streamlining changes that were adopted in 2016 for the Housing Choice Voucher and Public Housing programs to Multifamily programs.

Changes highlighted in Yellow represent significant proposed changes. Significant changes (yellow) are those that impact the eligibility and admissions policies as delineated by HUD. Changes in Blue represent additional changes suggested by staff. Staff recommendations (blue) are discretionary at the local level, permitted by HUD, and can be adopted by the Boards of Commissioners.

In addition to the proposed changes indicated in this summary, the ACOP also contains changes that were Board Approved during the course of 2018, and are required to be incorporated into the ACOP. Most of these changes were incorporated as part of the new Resident Lease Agreement adopted this year and signed by residents in June and July. These changes are found primarily in Chapter 8, Chapter 13, Chapter 18, and Chapter 19 of the ACOP. Some additional black-lined changes in the document are grammar and formatting changes.

The ACOP is the same for the City and County programs with the exception of the interest list structure, the City is structured as site-based and the County is structured by city. The proposed changes are the same for both City and County.
Chapter 1 – Statement of Policies and Objectives
1. Section 1.8 – Violence Against Women Act (VAWA) – Language required by HUD to clarify when applicants and residents receive notification of their rights under VAWA. This language is consistent throughout other section regarding VAWA. (page 15)

Chapter 2 – Fair Housing & Equal Opportunity
2. Section 2.7 – Verification of a Request for a Reasonable Accommodation - Added additional language for clarification that staff may consider an accommodation at any time and that the request does not have to be in writing. HUD prefers the verification in writing, however an oral verification may be accepted per HUD’s verification hierarchy. (page 21)

3. Section 2.14 – Oral Translation – Staff recommended updating the language to state FH may have “multilingual” staff versus “bilingual” staff available to translate orally. Since staff are not required to translate, a translation service may be utilized. (page 26)

4. Section 2.15 – Written Translation – Added language to clarify that the factors referenced in this section could be considered when doing large written translations of “vital” documents. (page 26)

Chapter 3 - Eligibility and Suitability for Admissions Policies
5. Section 3.14 – Live-in Aide - Updated language to clarify a new formal request for live-in aide would not be required, if the need was based on a permanent disability as initially verified. This eliminated additional burden to the resident if a change in aide is necessary and reduces administrative burden. (page 37)

6. Section 3.25 - Mandatory Denial of Assistance [24 CFR 960.204] – Changed denial time frame for eviction due to drug-related activity from five years to three (3) years. HUD requires that an agency incorporate this section into policies, but allows for discretion on the length of time. Based on conversations with the Boards, staff reduced the time to three (3) years. (page 50)

Chapter 4 – Pre-Application, Management of the Interest List and Resident Selection
7. Section 4.12 – Local Preferences [24 CFR 960.206] – Limited Preferences – Added clarifying language to indicate that Limited Preferences are based on referrals and can be accepted even when the interest list is closed. Also eliminated the word “Involuntary” to align with change to Section 7.14. (page 73)
8. **Section 4.22 – Determining Applicants Eligible or Ineligible** – Added clarifying language that indicates an applicant will be placed in pending status when all documents are not provided during initial application interview. This allows the resident additional time should all of the documents not be available at the initial interview. (page 79)

9. **Section 4.23 - Preference Denial** - Staff proposes language to clarify the policy that allows for the return of the applicant to the interest list in cases where staff is unable to verify a preference that was indicated by the applicant which caused the application to be initially drawn from the interest list. This change allows for the applicant to be re-selected utilizing the remaining applicable preferences should another draw occur. The application will be cancelled, as with all remaining applications, when there is a final draw, if the application is not selected at that final draw. (page 80)

**Chapter 5 - Occupancy Standards & Unit Offers**

10. **Section 5.0 – Determining Unit Size** - Updated the Guidelines for minimum persons in household for 5 bedrooms from 6 to 5 to be consistent with other bedroom size minimum. (page 82)

11. **Section 5.3 - Plan for Unit Offers** - Updated policies regarding Plan for Unit offers based on the fact that all wait lists are now site-based, and multiple offers are not practical. (page 84)

12. **Section 5.4 - Time Limit for Unit Offer Acceptance or Refusal** – Updated language to align with Section 5.3. (page 85)

13. **Section 5.5 - Offer of Accessible Units** – Updated policies to clarify the hierarchy of processing vacant accessible units. HUD requires PHAs to first offer these units to persons with disabilities who require such accessible features. [24 CFR 960.206 (b)(2)(c)] (page 85)

14. **Section 5.6 – Applicant Unable to Take Occupancy** – Updated language to include additional reasons for “good cause.” (page 86)

**Chapter 7 - Verification**

15. **Section 7.4 – Methods of Income Verification and Time Allowed** – Added additional language per PIH Notice 2017-12 to clarify the Exceptions to the Third Party Verification requirements. (page 132)
16. **Section 7.14 – Displacement Referral** – Staff proposes removing “Involuntary” from language to provide additional flexibility for programs where residents may voluntarily request additional options for relocation and incorporated referral types from Chapter 4 Preferences. (page 147)

**Chapter 8 – Leasing and Inspections**

17. **Section 8.12 – Inspections of Public Housing Units [24 CFR 966.4 (I)]** – Staff recommended added language to expand when special inspections are conducted. Staff recommended clarifying language for Move Out inspections to allow resident to request more flexibility and request a move out inspection in 48 hours, as opposed to three (3) days. (page 157)

**Chapter 9 – Standards for Continued Occupancy & Reexaminations**

18. **Chapter 9 – Introduction** - Part II: Annual Reexaminations for Families paying Income Based Rents or Flat rent. – Updated language to allow FH to perform reexaminations for fixed income household on a triennial basis per HUD’s FAST Act. HUD allows PHA’s the option to perform triennial reexaminations. Staff proposes this policy so that FH may conduct triennial reexamination based on further analysis of system capabilities and potential efficiencies to implement this optional ruling. (page 163)

19. **Section 9.1 – Overview** – Updated language to reference the Streamlining Annual Reexaminations and triennials per the FAST Act [24 CFR 960.257]. (page 165)

20. **Section 9.17 – Reporting Interim Changes** – Updated policy to increase the number of days a family has to report interim changes from ten (10) business days to thirty (30) calendar days, providing additional time for residents to report changes. This also aligns with the HCV program. (page 169)

21. **Section 9.18 – Processing Interim Changes** - Updated policies for processing Interim Reexaminations for program alignment. FH will not increase rent due to income increases, rather income increases will be reviewed and processed at annual certifications. No change to income decreases, language was incorporated in this section. PHA are allowed discretion for Interim polices. However, per 24 CFR 960.257, PHA policies must prescribe when and under what conditions the family must report a change in family income or composition. This also aligns with the HCV program. (page 170)

22. **Section 9.19 – Increases in Income and Rent Adjustment** - Removed this section, language was revised and incorporated in Section 9.18. (page 170)
23. **Section 9.20 - Decreases in income and rent Adjustments** - Removed this section, language for reporting decreases was revised and incorporated in Section 9.18. (page 171)

24. **Section 9.22 – Timely Reporting Changes in Income and Assets** – Standard for Timely Reporting of Changes for Reexaminations and Interims, Increased the number of days a family has to report changes to income or assets to be in line with recent change to Section 9.17. (page 173)

25. **Section 9.24 – Reporting of Changes in Family Composition** – Updated language to increase the number of days a family has to report changes in family composition, change is in line with proposed changed to Section 9.17 from ten (10) business day to thirty (30) calendar days. This provides additional time for residents and aligns program with HCV. (page 174)

**Chapter 10 – Pets**

26. **Section 10.10 – Pet Rules** - Modified waste removal fee from $50.00 to be in accordance with the Schedule of Maintenance Charges for labor to be consistent with established hourly maintenance labor rates. (page 186)

27. **Section 10.21 – Pet Deposits** - Staff recommendation to update pet deposit requirement per pet instead of per unit, maximum pets allowed remain at two per unit. (page 189)

28. **Section 10.22 – Other Charges** - Modified waste removal fee from $50.00 to be in accordance with the Schedule of Maintenance Charges for labor, to be consistent with established hourly maintenance labor rates. (page 189)

**Chapter 14 – Grievance Procedures**

29. **Section 14.2 – Informal Hearing Procedures for Applicants and Residents [24 CFR 5.514 (f)]** – removed language charging for reproduction of documents. FH will no longer charge for reproduction of resident’s file documentation. (page 234)

30. **Section 14.9 – Rights of Complainant [24 CFR 966.56 (b)]** – Removed language charging for reproduction of documents. FH will no longer charge for reproduction of resident’s file documentation. (page 240)
Chapter 16 – Program Administration

31. Section 16.13 – Transfer Request While Under Repayment Agreement – Added VAWA emergency transfer request as part of an additional reason when FH may allow a family to move when they are in arrears. (page 266)

32. Section 16.23 – Notification to Applicants – Updated language to reflect HUD requirements per VAWA notice. (page 272)

33. Section 16.24 – Notification to Resident – Updated language to reflect HUD requirements per VAWA notice. (page 273)

If more than one vacancy is available and the applicant rejects the offer, the applicant will be offered a suitable unit in the location with the second oldest vacancy. If that unit is rejected, a final offer will be made in the location with the third oldest vacancy. Executive Summary
The purpose of this memo is provide the Boards of Commissioners with the 2018 Fresno Housing Authority Community Engagement Presentation. The Agency periodically utilizes this format to inform the community about the many functions of the Fresno Housing Authority. A similar presentation was created in 2015 to celebrate the Agency’s 75th anniversary. The goal of this presentation is to provide members of the community, including elected officials, civic leaders and stakeholders, an overview of Agency programs and advocate for affordable housing needs throughout Fresno County.

Reviewing this presentation with the Board allows an opportunity for feedback and promotes common language and data to be used by staff and commissioners when speaking about the work and mission of the organization.

To date, this presentation has been presented at the City of Firebaugh, City of Huron and the Terraces at San Joaquin Gardens. A presentation is scheduled for October with the Fresno Rotary. The Communications Department is working to schedule additional presentations this Fall.

Executive Summary

Through the Rental Assistance Demonstration program, the Fresno Housing Authority has converted several low-rent public housing properties into affordable housing partnership projects. These public housing sites were purchased from the Housing Authority by limited partnerships at fair market value, for which the Agency received cash payments at the financial closings. The Agency received just over $1.1 million dollars in sales proceeds from the Viking Village RAD transaction. Since the financial statements for the Housing Authority have now been reviewed by our external auditor and the Department of Housing and Urban Development (HUD), staff is proposing to transfer these funds to HRFC to be used to further the supply of affordable housing, in accordance with the mission of the Fresno Housing Authority and the Housing Relinquished Fund Corporation.

Recommendation

It is recommended that the Boards of Commissioners approve the transfer of the sales proceeds from the Viking Village RAD project to the Housing Relinquished Fund Corporation in an amount no greater than $1,165,914.00.

Background Information

The Rental Assistance Demonstration (RAD) program was created by the U.S. Department of Housing and Urban Development (HUD) in 2013 to allow Public Housing Agencies the ability to leverage private and public debt and equity in order to reinvest in their public housing stock. Since 2013, the Agency has converted over 700 units of public housing to project-based Section 8 contracts, while investing $191 million in the rehabilitation of the properties.

On September 24, 2014, the Boards of Commissioners approved the transfer of $7.18 million of sales proceeds from the Fresno and Mendota RAD projects. These funds have been leveraged several times over since 2014 to create an additional 900 units of affordable housing.

The pre-application interest list will remain open until Tuesday July 31st at 3:00 p.m.
**Renaissance @ Parc Grove** - On June 23rd, approximately 30 volunteers, including FH employees and friends, assisted at Renaissance @ Parc Grove preparing units for move-ins. On June 26th, 28 formerly homeless veterans moved into their brand new, furnished apartments. To date, 87% of the units have been occupied. The goal is to lease all remaining units by the end of July.

**SW Fresno Family Carnival** - In coordination with the Fresno Police, Bringing Broken Neighborhoods Back to Life, EOC and the Fresno Street Saints, Fresno Housing hosted a Family Carnival near Fairview Heights in southwest Fresno. From 11a.m- 3p.m. on June 22nd, the Maud Street entrance to the Fairview site was closed which allowed games, various activities and informational booths to be set up in a carnival style. Residents and the community enjoyed the event and festivities.

**Upcoming Events** – National Night Out is an annual event held on the first Tuesday in August. The purpose of this event is to promote community-police partnerships and neighborhood camaraderie in order to make neighborhoods safer, and more caring places to live. The goal is to enhance the relationship between neighbors and law enforcement while encouraging a true sense of community. It also provides an opportunity to bring the community together in a positive atmosphere. This year the event falls on Tuesday August 7th. The HMD, Communications and Resident Services departments are partnering with other local organizations to plan multiple events throughout the city and county of Fresno. A detailed listing of locations will be provided electronically.

**Housing Choice Voucher (HCV) Leasing Update**

During the month of June, the following leasing activities took place for the City and County HCV programs.

**HCV City**

The following leasing activities took place in June for the HCV City program.

- There were 146 initial eligibility interviews scheduled in June and 128 applicants attended (88% show rate).
- 101 families attended briefings to receive their vouchers.
- There were 275 city applicants who leased up in June.
- There are 785 city applicants currently searching for housing.

**HCV County**

The following leasing activities took place in June for the HCV County program.

- 1,920 applicants were selected from the County waiting list.
- 424 initial eligibility interviews were scheduled in June and 382 applicants attended (90% show rate).
- 95 families attended briefings to receive their vouchers.
- There were 76 county participants who leased up in June.
- There are 285 applicants/participants searching for housing.
Leasing strategies and activities:

- As of July 9, 2018, the 2017 HCV-County waiting list is exhausted. All future draws will be selected from the 2018-Interest List established in May 2018.
- Families porting in from other jurisdictions are being issued HCV County vouchers.
- County vouchers are issued to Project-Based Voucher (PBV) residents who have requested HCV assistance and approved.
- We have incorporated into our scheduling routine, a second appointment for those applicants who missed their first appointment in the screening process (criminal background check). Applicants who miss their interview appointment are rescheduled for the next available date upon request. These applicants have already passed their criminal background check, and are closer to being determined eligible.
- Temporary staff are assisting the leasing team with applicant files. Initial eligibility appointments continue to be scheduled at a rate of sixteen per day, per Leasing Specialist to account for the low attendance rate.
- We continue to extend and grant extensions to families in the searching process. In some cases, we have extended past the 120 days as we work closely with the families in an attempt to successfully lease them up.
- Staff continue to hold regular meetings to review both HAP and voucher utilization.

**Administrative Services & Procurement**

The Planning & Community Development department (P&CD) will begin the evaluation stage for a Request for Proposals (RFP) for General Contractor Construction Management services for Orchard Apartments in the city of Parlier and Mariposa Meadows in the city of Fresno. The deadline for submissions is Wednesday, July 18th, 2018 at 4:00pm. The evaluation committee will consist of both knowledgeable Fresno Housing staff members and outside stakeholders. The Procurement department has also worked closely with the Administrative Services and Communications departments to solicit two separate RFP’s. For the Administrative Services department, an RFP for Legal Services is currently being solicited. The Agency is seeking qualified proposers to provide legal services which include General, Human Resources, HUD and other Federal and State Funding partners, Development of Affordable Housing, and Unlawful Detainer legal services. Proposals are due on Thursday, August 16, 2018. For the Communications department, an RFP for a Communications Consultant specializing in creative design, video production, documentaries, and storytelling is currently being solicited. Proposals are due on Thursday, August 23rd at 4:00pm.

**Information Technology**

The Information Technology department has implemented a new Remote Access service. Unlike many traditional VPN connections, this Remote Access service is designed to connect automatically as soon as the computer connects to the Internet, and gives staff access to organization network resources such as file shares, printers etc. This new service will also provide better communications with staff located in the Central Office. The Information Technology department has successfully setup multiple Fresno Housing Authority remote sites with this service and plan to continue to implement across all sites in the coming months.

**Accounting & Finance**

Finance staff has been working with property management staff on completing Quarterly Status Reports for our investors. These reports give an overview of the current operational and financial positions of the limited partnership properties. The Finance department is also preparing for 2019 Budget season to begin. Staff is working on creating timelines and supporting schedules that will help the Agency managers prepare their operating budgets for 2019.

The Accounting department is wrapping up the 2017 financial statements and audit. Staff is in the process of entering our financial statement information into HUD’s Financial Data Submission (FDS) system. Once this information is entered, it can be included in the Agency’s final audit package. The Agency expects to submit the 2017 Audit for the Boards acceptance in September 2018.
**Structure**

*Maintain a committed, active, community-based Boards of Commissioners.*

Effort in this area are ongoing and will be reported as outcomes are achieved.

Executive Summary

The VA Central California Health Care System ("VA Hospital") located at 2615 E. Clinton Avenue in Central Fresno has historically had parking shortages that have resulted in the high use of neighborhood streets for parking for both staff and clients. In June 2018, the City of Fresno designated the neighborhoods surrounding the VA Hospital as a Residential Permit Parking District in response to continued complaints from residents living in the area. As a result, signs will be posted in the neighborhood prohibiting parking on the streets between the hours of 7 a.m. and 7 p.m. The VA Hospital is in great need to address their short and long term parking demands in order to appropriately continue to serve their veteran clients, staff and other stakeholders.

In an attempt to temporarily mitigate some of the parking shortage, Staff has been in discussions with the VA Hospital regarding entering into a Revocable License Agreement ("RLA") for the potential use of approximately 2.91 acres of vacant land owned by the Housing Authority of the City of Fresno (FH). The subject property is located across the street from the VA Hospital at the southwest corner of Clinton Avenue and Angus Street (APN 446-020-42T) adjacent to Parc Grove Commons. The RLA is proposed for a term of two (2) years, and would include improvements to the current dirt lot to allow for an approximate 290 parking spaces. FH and VA Staff intend to meet with the City of Fresno to discuss the feasibility and potential requirements of the proposed parking lot improvements. An important topic intended to be discussed with the City is related to traffic improvement that may be needed to accommodate safe crossing across Clinton Avenue.

Although the full scope and costs of improvements are being analyzed and not yet complete, the VA and FH have conceptually discussed that the improvement costs would be captured in the final RLA Licensing Fee amount and paid by the VA. Under the RLA, FH would facilitate the parking and related improvements to be built and potentially financed on an interim basis until the RLA is in effect. In addition to the Licensing Fee payable to FH to cover the full parking related improvement costs and operational costs, a lump sum payment would be
included to potentially demolish the pavement and bring the property to its original unimproved condition at the conclusion of the RLA term.

**Fiscal Impact**

Through negotiations of the RLA, it is anticipated that there will be no ultimate net fiscal impact to the Agency. The RLA Licensing Fee contemplated with the VA would capture the full improvement costs, operational costs, as well as an amount to demolish the pavement at a future date to bring the site back to its original condition.

**Recommendation**

It is recommended that the Boards of Commissioners adopt the attached resolution approving the necessary actions:

1. Approve entering into a Revocable License Agreement with the U.S. Department of Veterans Affairs for the use of 2.91 acres of vacant land at the Southwest corner of Clinton Avenue and Angus Street (APN 446-020-42T) and further authorize Preston Prince, CEO/Executive Director, Tracewell Hanrahan, Deputy Executive Director, and/or their designee, to negotiate and execute documents in connection with the approved action.

**Background Information**

The 2.91 acres of vacant land owned by the Housing Authority of the City of Fresno, CA at the Southwest corner of Clinton Avenue and Angus Street (APN 446-020-42T) represent the final acreage associated with the development of 25 acres in four phases known as Parc Grove Commons. Plans for the remaining acreage include additional veterans housing and a potential early learning center. Should funding be awarded for the next phase of development, the earliest construction start date could be in 2020/2021.

Current FMR’s vs SAFMR’s

• HUD sets one FMR for large geographic regions, resulting in subsidy levels that often do not match the local rental market.
  – Fresno County FMR* for a 2BR unit: $910
• SAFMR’s base the value of a voucher on Zip Code and therefore capture more granular discrepancies in rents across neighborhoods
• SAFMR’s could help enable voucher families to move to neighborhoods that may not have been accessible in the past.

*Slightly higher than published because PHAs have some flexibility due to payment standards
Market Rents* by Zip Code

*Market rent based on Census Data
FMR / PS = $910
